Professional Summary

Aspiring Software Developer transitioning into the tech industry through formal training with Frontend Simplified and independent project work. Background in landscaping, carpet cleaning, and sales has built strong communication, problem-solving, and teamwork skills in fast-paced environments. Currently developing skills in JavaScript, HTML, CSS, Git, and backend fundamentals with exposure to SQL, Python, and Excel. Seeking entry-level opportunities in software development or technical support where I can continue to grow and contribute.

Technical Skills

HTML • CSS • JavaScript • Git • GitHub • SQL • Python • Excel

Projects

Responsive Web Design Project
